

# KEGG\_2021\_Human

Enriched terms

Protein processing in endoplasmic reticu...  
 Cellular senescence  
 Antigen processing and presentation  
 Graft-versus-host disease  
 mRNA surveillance pathway  
 Lysosome  
 N-Glycan biosynthesis  
 Epstein-Barr virus infection  
 Cell cycle  
 FoxO signaling pathway  
 Spliceosome  
 RNA transport  
 TNF signaling pathway  
 AMPK signaling pathway  
 Human T-cell leukemia virus 1 infection  
 Human cytomegalovirus infection  
 Natural killer cell mediated cytotoxicit...  
 Viral carcinogenesis  
 NOD-like receptor signaling pathway  
 Various types of N-glycan biosynthesis
